19. Reports to note:
 - a. Somerset Economic Development Strategy
 - b. Planning Update 2025
 - c. Planning Submission Guidelines

Payments for Authorisation:

03/11/25	Replacement notice board door	£286.95
SALC	Neighbourhood Planning	50.00

Signed:.....Date:

ASH PARISH COUNCIL

Minutes of the meeting held on 1st September 2025 at Ash Pavillion @ 7pm.

Present: Cllrs S Davey, Chairman, Caz Halfhide, T Groves, A Groves, Z England, M Trebley. Clerk Z Bougourd. Cllr E Pearlstone. Eight members of the public.

25/155. Public Forum. One comment re dog waste bin in Millennium Wood. The current bin has disintegrated. Cllr England noted that a member of the public had offered to fund a replacement. Cllr England to action.

No other comments.

25/156 Somerset Council, Councillor's Report: September 2025. Cllr Pearlstone noted that Junction 26 on the M5 had opened ahead of schedule. Other matters of note are: Closure of local community hospital beds. SC are trying to bring residents needing care closer to their own communities A support package for residents needing dementia/Alzheimer's care is being developed. Local Community Networks – some are working well, Somerset Levels LCN are developing active travel routes. Flood prevention remains a high priority, there are grants available up to 20K. Residents who use the alarm lanyard have been transferred to a digital service.

Cllr England asked about the maintenance of the slip road from Stoke sub Hamdon, currently very overgrown and impeding motorists vision. Cllr Pearlstone advised that the ownership of the land in question was unclear, she will ask if the Highways Agency can cut it back – report back to future meeting. Safety outside Hillside School remains a potential issue. SID outside the Village school is now operational. Clerk asked re cost of local election – current indications are that SC will not fund casual vacancy elections? If the cyclical election will be funded by SC. Indicative costs of local casual elections are circa 4.5K, approximately 9% of the current precept for Ash PC. Cllr Pearlstone will revert to a future meeting.

25/157 Apologies for Absence : Cllr A Britten & Cllr J Bailey

25/158 Declarations of Interest. None

25/159 To approve and sign Minutes of the Parish Council Meeting held on 04th August 2025 – approved and signed.

25/160 Matters arising (other than those on the agenda)

- i. **Cloud Next /Mark 1 support–** Cllr T Groves noted that Mark1 can support laptop/phone line but they don't offer hosting services. Need NDA to inspect and report back on current email/IT set up.

Clerk to the Council: Zannette Bougourd. Tel: 01935571050
Email: clerk@ashpcsomerset.com

ASH PARISH COUNCIL

Current costs are £90 per hr billed in 5 minute increments.

Clerk/Cllr Davey to send draft NDA to PC.

- ii. **Role Allocation & responsibilities** – deferred to future meeting.
- iii. **SID repair/replacement.** Noted that the SID outside the Village school is now working. Cllrs A & T Groves will charge the batteries for the other SID. Quotes had been obtained for new replacement SIDs – Clerk to forward to Cllrs. Noted that every SID must be relocated every two weeks or turned off according to current SC Highways advice. Noted that the SID should still record data when switched off. Clerk tabled data from Donyatt PC, will send to Cllrs. Ash residents & Cllrs have noted concerns re speeding traffic through the Village.
- iv. **Car Park Barrier Repair – update.** Following the second accidental damage incident, the person concerned had offered to pay the insurance excess of £250. This was accepted as a pragmatic solution. Repairs will commence as soon as the contractor can schedule the work.

25/161 Planning Applications: 25/01921/FUL

Land Rear Of 17 To 21 Burrough Street Ash Martock

Somerset

Erection of new residential dwelling with associated parking and garden areas. The adaptation of a private drive and alterations/ improvements to the existing access.

Residents who were present expressed concern regarding various aspects of this application. The applicants were also present, and a detailed discussion ensued. During the discussion Cllr Z England noted that the site had had planning permission refused previously in the 1980's and this new application may set a precedent. An excerpt from the current Government guidelines is copied below.

SC have dramatically changed their views on development since the 1980s and are now working in line with the Government's target of 3769 new houses to be built across Somerset annually.

It was noted that detailed background reports which covered many of the points raised had already been prepared and published. A summary of comments which were subsequently submitted to Somerset Council Planning Department are copied below.

Ash Parish Council met on 01st September 2025 and have the following observations:

There were seven owners of neighbouring properties to the proposed development present, their comments and the Parish Councils observations are detailed below:

Ash Parish Council can see both sides of this planning application and was neither in favour, nor against the proposal, but would like to make the following comments, many of which were expressed by parishioners at the meeting, in the expectation that they will be considered in the final decision.

1. In the Historical Environment Assessment, point 6.2, the applicant asserts that the land in question "reads

Clerk to the Council: Zannette Bougourd. Tel: 01935571050

Email: clerk@ashpcsomerset.com

ASH PARISH COUNCIL

more clearly as part of the villages built environment rather than as agricultural land." This is patently not the case. The land in question is very much agricultural land as is borne out by the undeveloped barn (albeit with planning permission) which is currently on the site.

2. In the Historical Environment Assessment, point 6.4, the applicant hints that "historic use of the site for orchards will have impacted on below ground deposits"

The Parish Council would like to draw attention to the fact that there is a history of significant archaeological discoveries being made in Somerset orchards, including a Roman Villa being discovered in an orchard in Littleton/Compton Dundon in 1822, a large Roman mosaic being discovered in a former orchard in Lopen in 2001 and early medieval/post-medieval ditches and gullies (with possible late prehistoric features) being located in Shaw's Orchard, Bawdrip in 2012.

These illustrates that the fact that this is a former orchard will in no way diminish the potential for archaeological discoveries, and we request that a full archaeological survey with published report should be carried out on the land before any development, and appropriate actions taken.

3. A number of parishioners asserted that the badger sets on the land are currently active, and that the derelict barn on the property and a number of trees are home to a number of bats. We strongly suggest that another survey with published report be carried out by a different surveyor in order to obtain a definitive assessment.

4. At the meeting the applicant stated that they had revised their tree plans and were no longer planning on chopping down a number of walnut trees. We suggest that this commitment should be made a condition of any planning permission.

5. Similarly, the applicant made a commitment that the proposed property would be kept as a family home and not be used as any form of hotel, bed and breakfast or holiday let. We suggest that this commitment should be made a condition of any planning permission and made binding on any future occupant.

6. Similarly, the applicant made a commitment that the driveway will always be of some porous construction, whether gravel or a more advanced porous material to help mitigate any flooding potential. We suggest that this commitment should be made a condition of any planning permission and made binding on any future occupant.

7. The Parish Council would like to draw attention to local flooding issues experienced by the occupants of the Manor Farmhouse, 23 Burrough Street Ash. These are the result of issues with the drains and have repeatedly been notified to Somerset Council and previously to South Somerset Council. Should the access road not be a porous construction, then this issue is likely to be made worse by the extra flow resulting from the proposed development, and so we suggest that the resolution of this issue should be made a condition of any planning permission to avoid further issues

25/162 Planning Decisions: None to note

ASH PARISH COUNCIL

25/163 Finance –

- 25/163i To approve and sign the Bank statements** – August 2025 to date. Approved and signed.
- 25/163ii To approve and minute payment requests.** Approved. Invoice for barrier repair included powder coating frame prior to re-installation.
- 25/163iii To approve and sign bank reconciliations** August 2025 to date. Approved and Signed.
- 25/163iv Clerk/Cllr Training.** Clerk noted that currently training is as considered necessary and relevant by the Clerk, however there is a cost for the clerk to enroll & complete CiLCA next year. Agreed that Ash PC will pay the percentage share as advised. Pre CILCA meeting scheduled for 11th September 2025. Clerk noted that there is a webinar covering Neighbourhood Planning, details will be forwarded to Cllr T Groves.
- 25/163v Advance notification re 2026/7 budget items.** Clerk noted that with the potential casual vacancy election costs, budgets may prove challenging for the next financial year. Cllr T Groves noted that the groundsman's contract was due for renewal before the start of the next financial year. Tenders will be sought before the budget is finalised.

25/164 Parish Matters: To discuss the placement, costs and timing of tree planting in the Recreation Ground. After discussion it was agreed to approve the installation of a small low-level orchard with a maximum budget of £2,600 pending a play area report. Cllr M Trebley will arrange the play area report.

25/165 Parish Matters: To consider plan to upgrade recreation field lighting(sports/football users). The PC confirmed that the upgrading of the sports field lighting was approved in principle and is subject to any necessary planning permission and local consultation.

25/166 Parish Matters – Pavillion Cleaning/user responsibility. It was noted that some users of the Pavillion may not be leaving the premises in a clean state. Agreed to post reminder notices in relevant areas.

25/167 Parish Matters: Pavilion closure request. This request was noted, however it was agreed that the Pavillion working party will arrange a meeting during October to discuss these matters in more detail.

25/168 Parish Matters – Grit bins – locations and preparedness. Grit bins remain in noted locations – Lengthsman to report back on level of grit and advise if further supplies are needed.

25/169 Insurance renewal 01/10/25– payment due before next meeting – to be agreed via email. The premium will fall due before the next meeting. Clerk to check recorded location of PC sheds, one on Recreation ground one in Millennium Wood. Agreed that this can be paid after email notification.

ASH PARISH COUNCIL

Payments for authorisation.

PG Fire & Security	Intruder Alarm Maintenance with Smart phone monitoring for 12 month/s from 24/09/25.	£199.99
Defib Store	Reimburse A Groves	£162.00
Invoices received after publication of the Agenda	Feorge Plant & Fabrication – barrier repair (April)	£736.80

Signed:.....Date:

ASH PARISH COUNCIL

Minutes of the meeting held on 06th October 2025 @ 7pm in Ash Pavillion, Ash.

Present:

Cllrs S Davey, Chair, Caz Halfhide, A Groves, Z England, A Britten, T Groves. Cllrs J Bailey & E Pearlstone. Four members of the public were present.

Prior to the commencement of the meeting, it was noted that Mick Wooden, Chair of the Millennium Wood Management Group and manager of the Wood has been recognised at BBC Radio Somerset's "Make a Difference" Awards. This recognition is well deserved and fully supported by everyone present. It was also noted that the "Ash in Bloom" team had, despite challenging weather conditions, produced splendid floral displays throughout the Village.

Public Forum

25/170 Somerset Council, Councillor's Report: October 2025. This report had been received prior to the meeting, matters of note were:

- a. Drainage works near Hillview School remained outstanding.
- b. The dog waste bin in Millenium Wood has been repaired
- c. Verge at junction of Stoke Road/A303 – vegetation has been cut back, there is no resolution regarding ownership of the land. Vegetation cutting will be carried out bi-annually.
- d. Yeovil Town Council have produced a new business plan for the Octogen Theatre Complex, the cost is circa 15million. Some adjacent Parishes have been approached for a contribution.
- e. Casual vacancy election costs – Cllr Pearlstone will revert to a future meeting.

25/171 Apologies for Absence. Apologies were received from Cllr Trebley.

25/172 Declarations of Interest. None

25/173 To approve and sign Minutes of the Parish Council Meeting held on 01st September 2025.

25/173i Two members of the public requested an amendment to the noted public discussion regarding the development on Burrough Street.

25/173ii Subsequent to the meeting re the development on Burrough Street, an inspection was carried out and active badger sets have been identified on or near the site.

25/173iii Cllr T Groves noted that he considered item 25/165 to be fundamentally incorrect. He considered that the PC had agreed in principle to the upgrading of the sports field's lighting, these works had not been agreed by the PC. After discussion it was agreed that the Clerk

ASH PARISH COUNCIL

would amend the minutes and re-send to Cllrs. Signature will be requested at the next PC meeting.

25/174 Matters arising (other than those on the agenda)

25/174i Cloud Next /Mark 1 support– Clerk had spoken to Mark1, they will provide IT support on a request basis. After discussion it was agreed to cap support at 3 hrs per month. Clerk will notify Cllrs if and when support is requested

25/174ii Role Allocation & responsibilities – this item was deferred to a future meeting when all Cllrs are present. Cllr A Groves noted that the Biodiversity Working Party was not included. Cllr A Groves will send the membership of this working party to the Clerk for inclusion.

25/174iii SID repair/replacement. Cllrs A & T Groves noted that the batteries are still on charge, two are holding their charge, one is still charging and one does not seem to charge. Unforeseen circumstances have delayed the progression of this matter. Discussion was held around the viability of the current units and the cost of replacements. Cllr T Groves requested that the costs are published for consideration at the next meeting. Clerk had provided hard copies of prices & specifications in the previous meeting, electronic copies will be circulated.

25/174iv Car Park Barrier Repair – Noted that a voluntary donation towards this repair had been received. In response to a query from Cllr T Groves, it was confirmed that no invoice was issued or considered necessary for a donation. The donation amount is noted in the payment request table.

25/175 Planning Notifications: Creation of agricultural access Milton Lane – noted as for information only

25/176 Finance –

25/176i To approve and sign the Bank statements – September 2025 to date. Approved and signed.

25/176ii To approve and minute payment requests. Approved and signed

25/176iii To approve and sign bank reconciliations September 2025 to date. Approved and signed

25/176iv Accept conclusion of External Auditor's Report & note comment. The report was tabled and the Clerk noted the difficulties encountered this year when dealing with the external Auditor. All requested information had been provided in a timely manner and with assistance from the internal Auditor; however a note had been attached to the final conclusion of Audit notice. The report was accepted with thanks to the Clerk for her diligence in dealing with this matter.

25/176v Note WFH allowance/Clerk/Contract. The current clerks contract notes that the current maximum tax free WFH allowance will be paid, this has not been implemented, the arrears are noted within the payment requests. All agreed to pay the arrears.

ASH PARISH COUNCIL

- 25/177 Parish Matters: Christmas Tree/Planning and budget for Christmas celebrations.** It was agreed that a budget of £300 was considered appropriate to cover the festive costs. Cllrs Halfhide & A Groves will liaise to take this forward including ordering a Christmas Tree for the Village.
- 25/178 CiLCA – Clerk training agreement.** The clerk tabled the agreement for PC support during the 12 month commitment period whilst studying for this qualification. Following the introductory webinar, it is apparent that the time commitment is considerable and estimated at 2hrs per week per Council- total of 6 hrs per week. Cllr T Groves noted that he considered that an agreement be made that should the Clerk leave the PC during the 12 months following completion of the course, redress should be sought to recover apportioned costs. Cllr Britten pointed out that in his experience such a clause had been ruled to be unenforceable. After discussion it was agreed that the PC would support the Clerk, including paying for the extra study hours and recovery of costs would not be required. It was noted that the three introductory qualifications completed this year by the Clerk had been in her own time and at no extra cost to the PC. The costs within the budget will be separated into training & salary.
Post meeting note: The CiLCA qualification was noted within the job description as something that the PC expected the Clerk to complete.
- 25/179 Parish Matters – Millennium Wood/misuse/dog fouling.** An email had been received by the Chairman regarding the lack of control by some dog owners when using the Wood. After detailed discussion it was agreed that the signage should be changed to state that, "All dogs must be on a short lead at all times when within the wood", but that this should be formally agreed at the next meeting. Cllr Davey will speak to Mick Wooden, Millennium Wood manager beforehand.
- 25/180 Budget Planning:** Cllr Halfhide & Clerk will meet before the next meeting to discuss budget planning. Cllr A Groves will provide the contacts for obtaining quotes for the groundsman & lengthsman contracts.

Authorised payments:

C Halfhide	Pavilion cleaning materials/replacement loo seat	38.73

EVOLIS VISION

THE STATE-OF-THE-ART
RADAR SPEED SIGN

ElanCity

www.elancity.co.uk

THE WORLD'S MOST FREQUENTLY CHOSEN MODEL

Accuracy, striking visibility, reliability in all conditions, easy to install, the EVOLIS Vision radar speed sign boasts a host of advantages that have made it an international benchmark: nearly 20,000 town councils have adopted it and there are over 45,000 units in operation worldwide.

1 An impactful display making it the most effective of radars

- Greater visibility meaning earlier driver awareness
- Customizable messages to match your priorities
- Accurate, long-range Doppler radar antenna (300 meters)

2 Connected radar for high-performance analysis

- Traffic data recorded in both directions
- A software package for analyzing your traffic data
- Various connectivity options

3 Durability and long-term reliability

- Extremely durable housing
- Robust front face
- Two-year parts and labour guarantee
- Extended warranty for your peace of mind

4 Simple, safe installation

- Easy installation built into the design
- Can be configured directly on the appliance
- Four power supply modes to suit sites of all kinds
- Lightweight: only one person needed for installation or relocation

TESTIMONIALS FROM OUR CUSTOMERS

I have to say that we are absolutely delighted with the new device and we have had lots of positive comments from residents who are also very impressed. I am sure we will be placing a further order with you in the New Year.

Mr Craig Bowne, Councillor to Alderley Edge Parish Council (Cheshire)

A STRIKING DISPLAY, MAKING IT THE MOST EFFECTIVE RADAR

Accurate is fine, but unmissable is better. With a 300 meters vehicle detection range and optimum visibility up to 250 meters, EVOLIS Vision is considered the best performing and most safety-inducing radar on the market!

Dual display: speed figures and warning messages

EVOLIS Vision has 2 displays: **the first displays the speed detected by the Doppler antenna**. The speed display is made up of 3 rows of LEDs: a maxi format and a high resolution which greatly increase visibility and the psychological impact on the driver.

EVOLIS VISION'S VISUAL PERFORMANCE VERSUS ITS COMPETITORS

The second display, at the bottom, can be used to display text that can be fully customised according to speed. EVOLIS Vision also has a wide range of pre-recorded messages and pictograms.

With its **large matrix** (16 x 64 cm), the EVOLIS Vision radar's text display is a major asset toward achieving greater impact on motorists and inciting them to slow down.

Discover also EVOLIS Mobility!

The version without text display of EVOLIS Vision (with a screen-printed text). Contact us for more information!

Customizable messages according to your priorities

EVOLIS Vision adapts to the stretch of road you want to make safe. The “Full LED” text display matrix lets you customize messages to suit specific locations or periods, e.g., protection of pupils at school break-up times. You can also alternate two or three flashes with a special message to grab the attention of drivers used to driving past the display without noticing. Outside these specific times, standard messages are resumed.

Accurate, long range Doppler radar antenna

This tried-and-tested technology used in our radar speed displays enables us to guarantee accurate detection at ranges up to 300 meters, a wide detection angle of 33° and an accuracy of +/- 1%. **The longer the detection range, the more the driver comes face-to-face with their speed and the bigger the radar's effect!**

The different interactions between EVOLIS Vision and the motorist

The two-tone display, refreshed every second, ensures a strong impact on the motorist. It is green when the speed limit is respected, and red when it is exceeded.

A CONNECTED RADAR FOR HIGH-PERFORMANCE ANALYSIS

The EVOLIS Vision radar doesn't stop at warning drivers. The integrated software lets you manage your equipment with your own resources and record and analyze traffic data in your community.

How do you communicate with your radar?

Through your PC, you can exchange data with your radar via USB cable (included) and Bluetooth®. You can also connect to your radar via **your tablet or smartphone under Android/iOS.**

Spy mode: the smart way to analyze data

The extremely useful "spy" function lets you **compare the radar unit's traffic data** in the on and off modes. With this system, the EVOLIS Vision radar doesn't display speeds but still records the traffic data.

A software suite to analyze your traffic data and prove the effectiveness of the radar speed sign

Configure your radar easily and retrieve its recorded data with our software package (unlimited access license): number of vehicles time stamped to the nearest second, speed in both directions, average and maximum speeds, etc.

It can also output your data in graphic form: pie charts, diagrams, graphs, etc., **providing you with precious information on road safety in your town or village.** All the data can be exported as an Excel, CSV, or PDF file.

Discover Option Connect

The Connect box provides the EVOLIS radar with remote connectivity using the 4G network. Easy to implement, it is installed directly inside the unit by the user. The Connect box offers easy management of your EVOLIS radar as well as unparalleled practicality when managing your statistical data.

With its «all-inclusive» subscription, you can remotely access all your statistical data settings and the health status of your radar through our dedicated web platform.

DURABILITY AND LONG-TERM RELIABILITY

From Canada to New Zealand, across Europe, installations all over the world are proof that EVOLIS Vision radars are designed to work long term in any climatic condition.

Extremely durable housing

Made of polycarbonate-reinforced ABS resin, the one-piece housing guarantees perfect weatherproofing and protection of the components.

There are no screws to go rusty. The full-core anti-UV treatment ensures maximum service life.

Robust front face

Designed in polycarbonate and treated with an anti-reflective coating, it offers better visibility in all conditions.

Slightly curved, it protects the LEDs from all projectiles.

A 2-year warranty and a dedicated support team

The return rate of our radars under guarantee is less than 1%. In case of malfunction (except vandalism), we proceed with you to the diagnosis by phone and bring you the necessary support for the repair. Our team of specialists assists you with installation and use: telephone talk-throughs or onsite training are both possible.

An extended warranty for your peace of mind

At the end of the 2-year warranty period, we offer you a warranty extension including:

- The repair of the equipment in the event of a malfunction, including parts, labour and transport
- Updating of on-board firmware and user software
- Telephone assistance to answer your questions regarding the use of the device.

Thanks to this warranty extension, you can rest assured that your Radar Speed Sign will remain a constant ally in reducing speed on your roads.

A SIMPLE AND A SAFE INSTALLATION

The EVOLIS Vision is cleverly designed to enable installation and relocation in a matter of minutes on any existing support structure by a single member.

Easy installation built into the design

Delivered pre-configured and ready to go, the EVOLIS Vision has been designed to make it easy to install and use:

- Weighs only 9.2kg, allowing easy manipulation without heavy equipment
- Large detection angle of 33° for installation without orientation of the radar
- Universal mounting bar
- Specific supports that fit any type of installation
- Able to be secured by padlock for added security

Setting up: an interface for pre-selecting speed limit

Configuration directly on the radar:

Where to place them for maximum effect?

To achieve significant speed reductions, drivers need to be reminded of their speeds for as often as possible. Town entrances, village main roads, approaches to schools - for maximum effectiveness, the best positions are:

- Locations visible from a substantial distance (50 to 200 meters)
- Locations providing a clear line of sight to allow the antenna to detect individual vehicles across a longer distance (avoiding trees, crossroads, car parks, etc.).

FOUR POWER SUPPLY MODES FOR ADAPTABILITY TO ALL LOCATIONS!

Two versions of EVOLIS Vision with four low-energy power supply modes are available for adaptability to all your town's situations and all climatic conditions.

A charge life of **1 to 2 weeks** (depending on traffic)
Upgradeable to solar-powered

Guaranteed autonomy
- 100 watts: up to **7,000** vehicles/day
- 150 watts: up to **12,000** vehicles/day

HYBRID PACK

POWER

AUTONOMY

Complete autonomy with a minimum of 5 h of continuous public lighting

Complete autonomy
EVOLIS Vision can be fitted with a solar panel at a later date

TECHNICAL CHARACTERISTICS

DISPLAYS	Speed Digits	3 digits (0 to 199) Dimensions: 380 x 450 mm Colour: green / amber / red Visibility: 3-LEDline thickness
	Smileys	Colour: green / red Dimensions : 300 x 300 mm
	Message/Graphic display (excluding EVOLIS Mobility)	Dimensions: 160 x 640 mm (H x W), 1 line of 8 characters / 2 lines of 11 characters Colour: amber Programmable messages – text and pictograms
	LEDs	OSRAM C.M.S high-luminosity, ultra-low consumption Service life > 100,000 hours
	Photosensitive cell	High-precision sensor for adaptation to the light
DOPPLER RADAR ANTENNA	Range	Up to 300 metres
	Accuracy	within 1%
	Angle of detection	33 degrees
	Frequency	24.200 GHz
TRAFFIC STATISTICS	Analysis	In both traffic directions (incoming/outgoing)
	Data	Average and maximum speeds, number of vehicles, time stamps, percentiles (V30/V50/V85)
	Memory	16 Mo, 5 million vehicles recorded
	Operation	With the software package. Output exportable in Excel, CSV, or PDF files.
SETTING UP	Local	USB and Bluetooth® (PC or Android/iOS mobile appliance with mobile app) Prerecorded speed bands with selection interface
	Remote	4G modem with Web interface (operational status of appliance and statistical analysis)
HOUSING	Dimensions	710 x 770 x 160 mm (W x H x D), with two battery slots
	Weight	9.2 kg (excl. batteries)
	Material	ABS resin, anti-UV, one-piece injection moulded body
	Colour	Grey, through dyed
	Ingress protection	IP65
	Security	Lock and specific key, also provision for padlock
	User access	External access to batteries, speed change interface, and USB port. Secured by two locks
FRONT FACE	Material	Polycarbonate with nonreflective surface
	Decoration and text	Regulatory red and white border - Silkscreened text "Your speed" Reverse silkscreen printing
	Shape	Convex for optimum protection against projectiles
POWER SUPPLY	Battery	Lead-acid 12V, 22Ah Weight: 6.2kg Dimensions: 181 x 76.2 x 167mm (L x W x H)
	Charging by solar panel	100 watts Monocrystalline high-output cells Dimensions: 806 x 680 x 35 mm (L x W x H) Smart charging management
	Charging from street lighting or grid	Internal power 220 V Smart charging management Integrated protection fuse
COMPLIANCE	European standards	Directive RED 2014/53/EU Directive RoHS 2011/65/EU Directive WEEE 2012/19/EU

A COMPREHENSIVE RANGE FOR ROAD SAFETY AND LOCAL COUNCIL COMMUNICATION

Drawing on its expertise in radar speed displays, Elan City capitalizes on its know-how and flair for innovation by expanding into other areas of display, including municipal information and road traffic management. The priority remains the guarantee of reliability, durability, toughness, and ease of installation and use.

EVOLIS®

The most effective radar speed display in the world, providing the highest efficiency

- Significant, lasting decrease in speeding
- Recording of traffic statistics in both directions
- Bluetooth® and/or 4G communication
- Available with solar and/or electrical power supply

EVOLIS Vision

EVOLIS Mobility

EVOFLASH

A beacon to boost your existing road safety signage

- Triggering on vehicle detection and/or overspeed
- Adaptable to all support posts: universal fastening and solar self-sufficiency

EVOCITY

The only electronic information display that can run on 100% solar power or public lighting

- Excellent reading quality in all conditions of light
- Versatile: can be relocated

Find out more by consulting your assigned sales representative

A TEAM LOCAL COUNCILS HAVE LEARNT TO COUNT ON

Elan City has been designing, manufacturing, and distributing products to fulfil the needs of local authorities for over 20 years. We are first and foremost a team focused on customer satisfaction, with a strong commitment to tackling issues that lead to improvements in local road safety.

Founded in 2005

50 staff

Nearly 20.000 towns and villages equipped and nearly 50.000 units in operation

Elan City, the safety and security partner

It doesn't matter whether you are a municipality, a district council, a county council, or a big city: our experts with their solid experience in the trade (7 years on average) will bring you unmatched effectiveness in the materialization of all your projects.

Many private sector enterprises also trust us for securing access to their production sites. EVOLIS can be adapted to all situations.

100% high-quality French manufacture

All our second-tier suppliers are also French and ISO 9001 certified. By operating stringent checks at each stage, we are able to guarantee you consistent optimum quality.

Furthermore, we are fully committed to complying with European environmental regulations. Our products comply with RoHS and WEEE directives, ensuring environmentally friendly and responsible management of electronic waste.

Additionally, a specialized waste treatment channel is in place to guarantee their recycling in accordance with environmental standards.

A PRESENCE ALL OVER THE WORLD

Élan Cité is the founding entity of Elan City Group. Today, Elan City has 5 European subsidiaries, 1 subsidiary in the United States and a global presence thanks to a distribution network of more than 40 distributors.

Valid for agreement

(Stamp, Signature and Date)

Date / Signature / Name

GENERAL TERMS AND CONDITIONS OF SALE **OF THE COMPANY ELAN CITE S.A.S.**

Applicable as of 01/07/2022

Article 1

Scope

These general terms and conditions of sale (GTC) apply to all sales of products of the supplier (the company Elan City, Wilberforce House, Station Road, LONDON NW4 4QE), in the absence of specific written agreement of the parties prior to the order. Consequently, any order for products implies the customer's unconditional acceptance of these GTC, that prevail over any other document of the buyer, and notably over any general terms and conditions of purchase.

Any document other than these general terms and conditions of sale and notably catalogues, prospectuses, advertisements, notices, only has an informative and indicative value, not contractual.

Article 2

Order delivery and Product reception

To be binding on the supplier, the purchase order must be expressly accepted within 1 week of its receipt, or not expressly rejected. Orders sent to the supplier are irrevocable for the customer, in the absence of written acceptance from the supplier.

Unless otherwise agreed, delivery times are indicative, and the supplier shall not be liable for any delay in delivery of the Products that is caused by an event, circumstance or cause beyond a party's reasonable control, or the customer's failure to provide the supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Products. Penalty clauses included in the commercial documents of our customers are

not enforceable against the supplier.

The transfer of ownership occurs only after full payment of the price by the buyer, regardless of the delivery date.

The transfer of risks of the supplier's products shall occur at the point the carrier takes possession of the Products.

The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the contract.

Without prejudice to the measures to be taken by the customer with respect to the carrier, in case of apparent defects or missing items, any complaint, whatever its nature, relating to the delivered products will be accepted by the supplier only if made in writing, by registered letter with acknowledgement of receipt, within three (3) days of the delivery.

The buyer must provide all justifications of the reality of the identified defects or shortages.

The customer may not return goods without the express prior written agreement of the supplier, notably obtained by e-mail.

Return costs will be charged to the supplier only if the latter or its representative confirms the apparent defect or missing items.

When the supplier or its agent confirms the apparent defect or missing item(s) after verification, the customer may only request from the supplier a replacement of the non-conforming items and/or delivery of the missing items, at the expense of the latter, without the customer

being entitled to claim any compensation of any kind or cancellation of the order.

The customer's unconditional acceptance of the Products covers any visible defects and/or shortages.

Any reservation must be confirmed in accordance with the above conditions.

A complaint by the buyer under the conditions and according to the methods described in this article does not suspend the customer's payment for the goods in question.

The supplier can in no way be held liable for acts occurring during transport, or in case of destruction, damage, loss or theft, even if it had chosen the carrier.

For the avoidance of doubt, nothing in the contract limits any liability which cannot legally be limited, including liability for:

- a) death or personal injury caused by negligence;
- b) fraud or fraudulent misrepresentation; and
- c) breach of the terms implied by section 12 of the Sale of Goods Act 1979.

The customer is responsible for installing the products.

The correct operation of the Products must be verified within 5 working days. This is to avoid delayed payment in case of malfunction caused by transport and not visible when unpacking. Payment may not be delayed in case of testing and identification of a malfunction after this period of 5 working days.

Article 3

Prices and payment terms

Our prices are calculated net, without discount, and payable according to the terms defined in the order.

If the customer fails to make a payment due to the supplier under the contract by the due date, then, without limiting the supplier's remedies under the contract, the customer shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this Article 3 will accrue each day at the rate provided in accordance with the Late Payment of Commercial Debts (Interest) Act 1998. The debt will also be increased, if necessary, by recovery costs at the customer's expense equal to a minimum of £35, with the application of additional compensation in the event that legal services are required.

The supplier retains ownership of the sold Products until the actual payment of the entire price in principal and accessories.

Non-payment, even partial, of any amount on its due date may lead to repossession of the Products. In case of a claim, the sale will be terminated by operation of the law. The customer shall return any unpaid Products at its own expense and risk, after receiving a formal notice by registered letter with acknowledgement of receipt. The repossession of the products by the supplier is not exclusive of any other legal avenues available to the latter.

It is strictly forbidden for the Customer to give as guarantee or pledge or to grant any other security on the Products under reservation of ownership.

Article 4

Product Conformity - Guarantee

Under the guarantee for hidden defects, the Supplier shall be liable only to replace defective

products at no cost, with the Customer not being entitled to claim any damages whatsoever.

The supplier guarantees its products against hidden defects, in accordance with the law, customs, case law, and under the following conditions:

- the guarantee applies only to products that have become the property of the buyer;
- it only applies to products that are entirely manufactured by the supplier;
- it does not apply if our products are used under unintended conditions of use or performance.

In addition to the legal guarantee against hidden defects, our Products (except for batteries guaranteed for 6 months) benefit from a commercial guarantee of 24 months including parts and labour from the **shipment date**. In case of observed malfunction, Elan Cité will, by telephone, perform the usual verifications with the customer: power supply, software configuration... The removal, installation and repackaging of the equipment remain the responsibility of the customer.

If the malfunction is proven, it is covered by the guarantee. We ask you to repackage the equipment **in its original box and packing**. We will then collect the equipment (entirely at the expense of Elan Cité) for a workshop repair and a return of the equipment, again at the expense of Elan Cité.

If the original box was not kept, we can send you a new one. This will then be at the customer's expense.

Should no product failure be discovered, a flat fee will be charged to the customer, including round trip transportation and labour related to the verification of the equipment.

The guarantee does not apply to accidents of external origin affecting the equipment itself: vandalism, fire, fall, connection error..., or when the damage is

due to inappropriate handling or storage.

Any defect or fault recognised after contradictory examination only obliges Elan Cité to replace, free of charge, the Products recognised as defective, thereby excluding any indirect damage, operating loss or additional harm.

Article 5

Power supply by solar panel of the radar speed signs: Elan Cité Manufacturer's guarantee of autonomy

The low consumption of the devices guarantees the overall autonomy of the system even in winter.

In case of failure, Elan Cité will take back and provide reimbursement for the solar panel. This guarantee will not apply in the following cases: bad orientation of the solar panel, bad choice of installation generating shadows on the solar panel, non-regulatory use of the radar speed sign, use of batteries other than those provided by Elan Cité (special solar batteries), obsolescence of the batteries.

Power supply by public lighting grid of the radar speed signs and of the Electronic Information Displays

Elan Cité will not be held liable under the guarantee or under its responsibility if the duration of public lighting is not sufficient to power the Product and guarantee its autonomy.

For devices powered by electrical grids (public or permanent lighting), Elan Cité provides a male/female plug to facilitate the connection. However, the reliability of the connection is the sole responsibility of the customer

Any question relating to these general terms and conditions of sale as well as to the sales governed by them, that is not addressed by these contractual provisions, will be governed by French law to the exclusion of any other law, and as a supplementary measure, by the Vienna Convention on the international sale of goods.

In case of dispute concerning these general terms and conditions of sale as well as the sales governed by them, competence is attributed to the commercial court of NANTES, in the absence of a contrary provision of public order.

Date / Signature / Name

GENERAL TERMS AND CONDITIONS OF SALE **OF THE COMPANY ELAN CITE S.A.S.**

Applicable as of 01/07/2022

Article 1

Scope

These general terms and conditions of sale (GTC) apply to all sales of products of the supplier (the company Elan City, Wilberforce House, Station Road, LONDON NW4 4QE), in the absence of specific written agreement of the parties prior to the order. Consequently, any order for products implies the customer's unconditional acceptance of these GTC, that prevail over any other document of the buyer, and notably over any general terms and conditions of purchase.

Any document other than these general terms and conditions of sale and notably catalogues, prospectuses, advertisements, notices, only has an informative and indicative value, not contractual.

Article 2

Order delivery and Product reception

To be binding on the supplier, the purchase order must be expressly accepted within 1 week of its receipt, or not expressly rejected. Orders sent to the supplier are irrevocable for the customer, in the absence of written acceptance from the supplier.

Unless otherwise agreed, delivery times are indicative, and the supplier shall not be liable for any delay in delivery of the Products that is caused by an event, circumstance or cause beyond a party's reasonable control, or the customer's failure to provide the supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Products. Penalty clauses included in the commercial documents of our customers are

not enforceable against the supplier.

The transfer of ownership occurs only after full payment of the price by the buyer, regardless of the delivery date.

The transfer of risks of the supplier's products shall occur at the point the carrier takes possession of the Products.

The terms implied by sections 13 to 15 of the Sale of Goods Act 1979 are, to the fullest extent permitted by law, excluded from the contract.

Without prejudice to the measures to be taken by the customer with respect to the carrier, in case of apparent defects or missing items, any complaint, whatever its nature, relating to the delivered products will be accepted by the supplier only if made in writing, by registered letter with acknowledgement of receipt, within three (3) days of the delivery.

The buyer must provide all justifications of the reality of the identified defects or shortages.

The customer may not return goods without the express prior written agreement of the supplier, notably obtained by e-mail.

Return costs will be charged to the supplier only if the latter or its representative confirms the apparent defect or missing items.

When the supplier or its agent confirms the apparent defect or missing item(s) after verification, the customer may only request from the supplier a replacement of the non-conforming items and/or delivery of the missing items, at the expense of the latter, without the customer

being entitled to claim any compensation of any kind or cancellation of the order.

The customer's unconditional acceptance of the Products covers any visible defects and/or shortages.

Any reservation must be confirmed in accordance with the above conditions.

A complaint by the buyer under the conditions and according to the methods described in this article does not suspend the customer's payment for the goods in question.

The supplier can in no way be held liable for acts occurring during transport, or in case of destruction, damage, loss or theft, even if it had chosen the carrier.

For the avoidance of doubt, nothing in the contract limits any liability which cannot legally be limited, including liability for:

- a) death or personal injury caused by negligence;
- b) fraud or fraudulent misrepresentation; and
- c) breach of the terms implied by section 12 of the Sale of Goods Act 1979.

The customer is responsible for installing the products.

The correct operation of the Products must be verified within 5 working days. This is to avoid delayed payment in case of malfunction caused by transport and not visible when unpacking. Payment may not be delayed in case of testing and identification of a malfunction after this period of 5 working days.

Article 3

Prices and payment terms

Our prices are calculated net, without discount, and payable according to the terms defined in the order.

If the customer fails to make a payment due to the supplier under the contract by the due date, then, without limiting the supplier's remedies under the contract, the customer shall pay interest on the overdue sum from the due date until payment of the overdue sum, whether before or after judgment. Interest under this Article 3 will accrue each day at the rate provided in accordance with the Late Payment of Commercial Debts (Interest) Act 1998. The debt will also be increased, if necessary, by recovery costs at the customer's expense equal to a minimum of £35, with the application of additional compensation in the event that legal services are required.

The supplier retains ownership of the sold Products until the actual payment of the entire price in principal and accessories.

Non-payment, even partial, of any amount on its due date may lead to repossession of the Products. In case of a claim, the sale will be terminated by operation of the law. The customer shall return any unpaid Products at its own expense and risk, after receiving a formal notice by registered letter with acknowledgement of receipt. The repossession of the products by the supplier is not exclusive of any other legal avenues available to the latter.

It is strictly forbidden for the Customer to give as guarantee or pledge or to grant any other security on the Products under reservation of ownership.

Article 4

Product Conformity - Guarantee

Under the guarantee for hidden defects, the Supplier shall be liable only to replace defective

products at no cost, with the Customer not being entitled to claim any damages whatsoever.

The supplier guarantees its products against hidden defects, in accordance with the law, customs, case law, and under the following conditions:

- the guarantee applies only to products that have become the property of the buyer;
- it only applies to products that are entirely manufactured by the supplier;
- it does not apply if our products are used under unintended conditions of use or performance.

In addition to the legal guarantee against hidden defects, our Products (except for batteries guaranteed for 6 months) benefit from a commercial guarantee of 24 months including parts and labour from the **shipment date**. In case of observed malfunction, Elan Cité will, by telephone, perform the usual verifications with the customer: power supply, software configuration... The removal, installation and repackaging of the equipment remain the responsibility of the customer.

If the malfunction is proven, it is covered by the guarantee. We ask you to repackage the equipment **in its original box and packing**. We will then collect the equipment (entirely at the expense of Elan Cité) for a workshop repair and a return of the equipment, again at the expense of Elan Cité.

If the original box was not kept, we can send you a new one. This will then be at the customer's expense.

Should no product failure be discovered, a flat fee will be charged to the customer, including round trip transportation and labour related to the verification of the equipment.

The guarantee does not apply to accidents of external origin affecting the equipment itself: vandalism, fire, fall, connection error..., or when the damage is

due to inappropriate handling or storage.

Any defect or fault recognised after contradictory examination only obliges Elan Cité to replace, free of charge, the Products recognised as defective, thereby excluding any indirect damage, operating loss or additional harm.

Article 5

Power supply by solar panel of the radar speed signs: Elan Cité Manufacturer's guarantee of autonomy

The low consumption of the devices guarantees the overall autonomy of the system even in winter.

In case of failure, Elan Cité will take back and provide reimbursement for the solar panel. This guarantee will not apply in the following cases: bad orientation of the solar panel, bad choice of installation generating shadows on the solar panel, non-regulatory use of the radar speed sign, use of batteries other than those provided by Elan Cité (special solar batteries), obsolescence of the batteries.

Power supply by public lighting grid of the radar speed signs and of the Electronic Information Displays

Elan Cité will not be held liable under the guarantee or under its responsibility if the duration of public lighting is not sufficient to power the Product and guarantee its autonomy.

For devices powered by electrical grids (public or permanent lighting), Elan Cité provides a male/female plug to facilitate the connection. However, the reliability of the connection is the sole responsibility of the customer

Any question relating to these general terms and conditions of sale as well as to the sales governed by them, that is not addressed by these contractual provisions, will be governed by French law to the exclusion of any other law, and as a supplementary measure, by the Vienna Convention on the international sale of goods.

In case of dispute concerning these general terms and conditions of sale as well as the sales governed by them, competence is attributed to the commercial court of NANTES, in the absence of a contrary provision of public order.

Mini Speed Indicator Device (miniSID)

- **POWER:** Battery powered
- **INCLUDES:** Spare Lead Acid battery, intelligent charger, weatherproof cover, and bracket set
- **WEIGHT:** 7.5kg (11kg with battery)
- **PRICE:** £2,980 +VAT

OPTIONAL:

- **DUAL COLOUR DISPLAY:** £395 +VAT
(requires a larger case and battery bracket)

Standard SID with 'SLOW DOWN' Legend

- **POWER:** Battery powered
- **INCLUDES:** Spare Lead Acid battery, intelligent charger, weatherproof cover, and bracket set
- **WEIGHT:** 12kg (23kg with battery)
- **PRICE:** £3,175 +VAT

OPTIONAL:

- **DUAL COLOUR DISPLAY:** £270 +VAT

SID with Smiley/Angry Face Legend

- **POWER:** Battery powered
- **INCLUDES:** Spare Lead Acid battery, intelligent charger, weatherproof cover, and bracket set
- **WEIGHT:** 12kg (23kg with battery)
- **PRICE:** £3,289 +VAT

OPTIONAL:

- **DUAL COLOUR DISPLAY:** £270 +VAT

SID with 20/30/40mph Roundel Legend

- **POWER:** Battery powered
- **INCLUDES:** Spare Lead Acid battery, intelligent charger, weatherproof cover, and bracket set
- **WEIGHT:** 12kg (23kg with battery)
- **PRICE:** £3,396 +VAT

OPTIONAL:

- **DUAL COLOUR DISPLAY:** £270 +VAT

SID with 'Thank You/Slow Down' Legend

- **POWER:** Battery powered
- **INCLUDES:** Spare Lead Acid battery, intelligent charger, weatherproof cover, and bracket set
- **WEIGHT:** 13kg (25kg with battery)
- **PRICE:** £3,607 +VAT

OPTIONAL:

- **DUAL COLOUR DISPLAY:** £270 +VAT

Power Options

- **PORTABLE SOLAR POWER KIT:** 10W panel with bracket set
- **PRICE:** £650 +VAT (per sign)

Panel dimensions: 355mm (H) x 255mm (W) x 34mm (D), **Weight:** 3.3kg

Extras

- **ADDITIONAL BRACKET SETS:** £52 +VAT (per set)
- **COMBINATION PADLOCKS (PACK OF 2):** £21 +VAT (per pack)

Data Collection & Connectivity

- **BLUETOOTH DATA DOWNLOAD:** (Android 7.0 or newer + app): £379 +VAT
- **WESTCONNECT REMOTE ACCESS:** £1,479 +VAT

Renewal after 2 years: ~ £300 + VAT (per year per sign)

Warranty & Delivery

- **WARRANTY:** 3-year warranty on all portable signs (excludes vandalism, impact damage, theft, and batteries. Batteries carry a 1-year manufacturer's warranty)
- **DELIVERY LEAD TIME:** Approx. 6–8 weeks from receipt of official purchase order
- **SOLAR SYSTEM NOTE:** We recommend relocating the sign every 4 weeks to maintain regular battery charging cycles

Ash Parish Council — proposed Cemetery Rules and Regulations

Agreed by Ash Parish Council xxxx

1. Rules and Regulations
2. Table of Fees
3. Site Map

Ash Parish Council owns and manages Ash Cemetery which is situated off Main Street adjacent to the Churchyard. These Rules and Regulations refer to the new Cemetery that lies beyond the original (old) Cemetery (please refer to site map). The Council reserves the right to make alterations, additions, or amendments from time to time to these Rules and Regulations specified herein.

Ash Parish Council assumes the role of the "Burial Authority".

Section 1: General Opening Times:

The Cemetery is open daily to visitors, with unrestricted pedestrian access. Please note there is no lighting at the cemetery, therefore additional care should be taken when natural light is poor.

Interments take place on weekdays between 10am and 4pm from the 1st April until the 30th September and between 10 am and 3pm from the 01st October until 31st March. Interments at other times are permitted at the discretion of the Burial Authority. Interments are not held on Good Friday, Christmas Day and other National Holidays.

Section 2: Conduct: The Parish Council welcomes all visitors to the Cemetery. Please respect the peace and dignity of the facility. Children should be kept under supervision and dogs are allowed on a short lead; owners must clear up any dog fouling and placed in the nearest dog waste bin. We would ask visitors to kindly refrain from smoking, eating, and drinking on the site, to prevent the risk of litter. No wheeled vehicle should be taken into the Cemetery unless approved by the Burial Authority. This regulation does not prohibit the use of mobility aids. Please ensure that the pedestrian access gate to the Cemetery is closed when leaving the site.

Section 3: Notice of interments:

Written applications for an interment must be made with four working days' notice to the (Committee) Clerk of Ash Parish Council, who can be contacted by telephone in the first instance.

Cremated remains may be interred via the same process; it is prohibited for cremated remains to be scattered within the Cemetery grounds. Plans showing the graves are kept by the (Committee) Clerk and may be inspected free of charge by all parties making applications for grave spaces. Please note that in the new Cemetery burial sites are allocated on a rotatory basis; there is no option for applicants to select a specific grave site from the Cemetery plans.

The appropriate certificate issued by the Registrar of Deaths, or a Coroner's order for Burial must be provided to the Clerk on behalf of the Burial Authority before the interment can take place. A certificate issued by the Cremation Authority will be required for interment of ashes.

Section 4: Exclusive Right of Burial

This must be purchased at the time of interment for 99 years. As previously noted, new graves are allocated in strict rotation. The Exclusive Right of Burial will only be sold at the time of interment and are not purchasable in advance. The owner becomes the deed holder and is entitled to decide who is buried in the grave — the depth of which is subject to the regulations of the Burial Authority. New graves are excavated to a depth of **xx** for double depth, and **xx** for single depth. At any one time, no more than two grave spaces may be selected with the exclusive right of burial, unless there are exceptional circumstances that will require the consent of the Burial Authority. At the expiration of the 99 year period of the Grant of Exclusive Right of Burial, the purchaser, or her/his heir or successors, will have the option of renewing the Right, subject to such restrictions and regulations as may be in force at that time. Application for renewal of the Right should be made within twelve months of the expiry of the previous grant. Where the 99 year period has elapsed, and no notification of the intention to renew has been received from the person who held the Right of Burial, the ownership reverts to the Council and the Council may grant a renewed Right of Burial to another person, but before doing so will, where possible, notify the previous owner of the Right, or personal representative, and give the option of renewal.

Section 5: Fees and payments

The current list of fees and payments is found in a separate document. All fees must be paid to the Burial Authority. Please note that the charges relate to the person being interred and whether that person is a parishioner of Ash Parish Council, they do not relate to the person who is paying the fee. The exceptions to the above are:

If the person being interred dies whilst serving in the Armed Forces out of area but was resident immediately prior to enlisting.

A former parishioner whose death occurred whilst outside the area but had been a resident in the parish for 5 years or longer, or whom had been resident in that area within 12 months of death.

Cremated remains may be interred in a purchased grave. The plot size for ashes is half the size of a single plot so the charges reflect that.

Fees for all Cemetery Services will be reviewed by the Council annually and may be subject to inflationary changes.

Section 6: Memorials

Memorials are only allowed to be erected upon the grave for which exclusive right of burial has been purchased. Applications for memorials including dimensions, cut inscriptions and alterations to existing memorials, must be submitted to and approved by the Burial Authority before they are installed. In the interests of tidiness and good maintenance, all headstones shall be aligned.

Dimensions — headstones, bases, foundation slabs??

Memorials remain the property and responsibility of the owners who purchased them. All private graves are to be kept in good repair by the owners. The Council assumes no responsibility for any damage or breakage to the erected memorials. Notice will be sent to the owners or representatives in the case of repairs being required, and if not actioned within 3 months, the Council has the right to have the memorial removed at the expense of the responsible person. If a memorial is erected without the necessary consent or does not comply with Cemetery or Health and Safety Rules and Regulations, the Council has the power to remove the memorial at the expense of the owners.

Section 7: Erection of memorials

No hewing or dressing of stone will be permitted within the Cemetery and all materials must be conveyed in a manner that will not cause a nuisance or damage the grounds or paths. All refuse and materials must be removed in a like manner.

Section 8: Flowers and ornaments

Natural wreaths and unwrapped flowers may be placed on the graves. Dead and withered flowers must be removed. Artificial wreaths and other decorative items will be at the discretion of the Burial Authority

Kerbstones, borders, shrubs and small trees are not permitted around or on the graves. Items that may break or cause injury such as glass, pottery, tins are forbidden.

Section 9: Complaints

Members of the public who wish to raise any point/s regarding the running or condition of the Cemetery should contact the Clerk of the Parish Council either in person or writing. The complainant should receive an initial response within five working days,

Section 10: Green Burials

There is no facility for green burials at the Cemetery, but potential alternative sites can be suggested via Ash Parish Council,

Company registration no.	
Business status	Micro business ²

Your supply details

Contract length	2 year contract
Planned supply start date ¹	14 December 2023
Planned supply end date ¹	13 December 2025
Estimated annual consumption	2296 kWh

Your electricity meter

MPAN number	2200014701468
S	4 807 N12 22 0001 4701 468
Meter Serial Number	20M0059752

Doing things differently
so we can pass on the
savings to you.

We keep our prices low to keep your business running smoothly. Lite is entirely online so you can manage your account wherever you are. To benefit from Lite you must agree to have a smart meter which we'll install for free.

You can fix your contract, giving you the reassurance of knowing you're keeping your costs low for as long as you want.

Your smart meter

To benefit from Lite you must have a smart meter. If you haven't already got a smart meter, we'll install one for free.

The consumption data from your smart meter can tell you useful information about how your business uses energy. We'll obtain daily or half

hourly consumption data from your smart meter and may use this data for commercial insight purposes; for example to develop new products and services for you and other customers.

We may also use this data to let you know about energy saving opportunities that could help your business. But rest assured, we will never provide the data to any third

party, unless required to by law, without your express permission. If you'd prefer us not to collect and use this data, you can let us know by contacting us on webchat.

If you do opt out of us obtaining this data, we'll still need to keep collecting monthly meter readings to use on your bills.

Your new prices

All prices exclude VAT and Climate Change Levy

Standing charge ³	42.00p/day
Day Consumption ⁴	30.99p/kWh
Night Consumption ⁴	24.80p/kWh

Broker Commission Details

Your Broker will receive a commission for agreeing this contract on your behalf. This is included in your agreed unit rate.

This is estimated as £68.88 for your 2 year contract. The commission value is based on the estimated annual consumption of 2296kwh for this meter multiplied by an uplift of 1.5p. Commission may change if there is an increase/reduction in consumption.

Your payment

Payment method	Variable Direct Debit
Account name	Ash Parish Council
Account number	xxxxx x60
Sort code	xx-xx-89
Payment frequency	Monthly

To view your contract's Terms and Conditions please [click here](#).

Your renewal terms

At the end of this contract you're free to leave us, but we'd love you to stay. We'll contact you nearer the end of your contract to discuss a new price.

However, if you haven't agreed a new Fixed Term Price at the end of your contract and we still supply your energy, you will go on to our Variable Price Plan.

Still need to get in touch?

You've signed up for an on-line only product so you can talk to our UK-based team on webchat.

It's time to renew your business energy plan

[Go to my
online account](#)

Dear Mr Davey

Your Fixed Term contract[†] for Ash Parish Council at TA12 6TP is due to end on 13 December 2025. Act now to avoid paying more for your energy - we've listed your options below.

We hope you choose to stay with us. If you do decide to leave, the earliest you can switch is 14 December 2025.

Option 1: Sign up to a new Fixed Term Contract[†]

The table below shows your current price and our renewal offer for a fixed contract:

These prices are valid until 12 November 2025 and may be subject to change after this time.

Your current contract	1 year offer
--------------------------------------	---------------------

Account number:

BGL316879

Site address:

Pavillion Recreation Ground
Ash
TA12 6TP

Your current plan ends on:

13 December 2025

Current plan type:

Fixed

Estimated annual consumption (kWh)

3702.5

standing charge p/Day	42.00	40.00
day consumption p/kWh	30.99	29.24
night consumption p/kWh	24.80	23.24
estimated annual cost £		1,221.64

To renew your contract to avoid paying variable rates, log in to your online account and select 'Review offers' from the menu. Please do so before 13 December 2025.

> Accept your renewal offer

Option 2: Contact your broker or energy partner

Your broker may be able to assess your needs and help you choose the product for you.

Option 3: Do nothing and you'll move on to our Variable Price Plan

If you haven't agreed a new contract with us or another supplier to start from 14 December 2025, you'll move to our Variable Price Plan* below. This means you won't be tied in but you'll need to pay any outstanding bills before you leave. Your prices won't be fixed but don't worry, we'll give you at least 30 days' notice before any change to your prices. For more information about our Variable Price Plan please see our terms and conditions.

Variable Price Plan prices:

standing charge (p/day)	194.26
day consumption (p/kWh)	30.24
night consumption (p/kWh)	30.24

Estimated Annual Cost £ 1,828.68

If you want to find out your current variable prices at any time after this date, please contact us on webchat.

We're here to help

If you've got any questions, please contact our team so we can help you with your options.

> Contact us on webchat

RNW/7E/0318/EML

Fixed Term prices shown are only valid until 12 November 2025.

*Terms and conditions apply, please visit for more information. The webchat team is available Monday to Friday, 8am – 6pm.

†We don't like to make changes to your Fixed Price Energy Plan. However, sometimes we have to make changes that are required by law, regulation or because we hold the wrong information for you. For a full list of when changes may apply, please see our terms and conditions.

Strategy sets clear vision for Somerset's economic future

We've now published a far-reaching strategy that will help drive economic prosperity in Somerset over the next 20 years.

Our [Somerset Economic Prosperity Strategy 2025 to 2045](#) sets out a clear vision, and priorities to bring about a significant change in economic prosperity in Somerset. It aims to build a thriving, fair and green Somerset economy that leads the UK on low-carbon energy, aerospace and defence, high-value manufacturing and digital and data.

Somerset business support

Applications now open for our Business Mentoring Programme

Are you a Somerset business owner ready to grow, adapt, or tackle new challenges? Our *fully funded* mentoring programme offers **6 hours of expert guidance over 6 months**, tailored to your needs – from marketing and finance to leadership and scaling up.

With only **15 places available**, this is a rare opportunity to gain practical, personalised support from experienced mentors who've helped businesses just like yours thrive.

[Apply now to be a business mentee](#) and join Somerset's network of ambitious entrepreneurs. Your next step starts here.

Support for your businesses to go green

The logo for the Go Green Scheme. It features the word "Go" in a large, green, sans-serif font, with a white arrow pointing to the right integrated into the letter "o". To the right of "Go" is the word "Green" in the same green font. Below "Green" is the word "Scheme" in a smaller, dark blue, sans-serif font.

Go Green
Scheme

We're helping businesses to reduce their carbon emissions and save money on their energy costs by rolling out the next phase of a twin grant and support scheme.

Our Go Green Scheme offers small businesses practical advice and support to reduce energy consumption and carbon emissions, alongside Green Grants of between £2,000 and £15,000 that require equal match funding from participants.

South West Investment Fund

The British Business Bank has launched the £200

million **South West Investment Fund**, designed to boost economic growth and innovation across the region – including Somerset. Open for applications, the fund offers a range of commercial finance options including smaller loans (£25k to £100k), debt finance (£100k to £2m), and equity investment (up to £5m).

It aims to support new and growing businesses that may otherwise struggle to access funding, helping to break down barriers and increase the diversity of early-stage finance.

eBay Launches ‘AI Activate’ Programme with OpenAI

eBay UK has launched the **AI Activate** programme in partnership with **OpenAI**, offering over £3 million worth of fully funded AI tools and training to support up to 10,000 small businesses selling on its platform. Participants will gain access to **ChatGPT Enterprise** for up to 12 months, alongside tailored virtual and in-person training designed to boost productivity and growth.

The initiative includes bespoke GPT development support from eBay’s dedicated team, helping businesses apply AI to tasks such as financial analysis, campaign creation, and research. As the first online marketplace to provide OpenAI’s tools free of charge to small businesses, eBay aims to democratise access to cutting-edge technology and ensure UK entrepreneurs are equipped to compete nationally and globally.

Partner updates

New partnership links Somerset businesses with community groups through SkillShare

Credit: Somerset Chamber of Commerce

Spark Somerset and the Somerset Chamber of Commerce have announced a new partnership to promote SkillShare – a project that connects local voluntary, community, faith and social enterprise (VCFSE) groups across the county with professional support and expertise.

The partnership will make it easier for businesses across Somerset to share their time, skills, space, or resources with grassroots organisations that make a real difference in our communities.

Parish Information Sheet

Ref: 01/2025

For use by Somerset Council

From:	Chris Hall, Executive Director for Community, Place and Economy
Date:	20/10/25
To:	Somerset Parish Clerks

Please find a message below which is being sent on behalf of Somerset Council's Planning Service:

Thank you for bearing with us over the last 12 weeks while Somerset Council's planning service operated a temporary "Prioritising Decisions Period" (PDP). This was an exceptional response to a significant and growing backlog of undecided applications.

The PDP has now ended. During this time, we reduced the number of on hand applications from around 1,600 to around 1,300 applications, a reduction of 20%. We focused on making confident, proportionate decisions and streamlining our internal processes. Many of those improvements will now continue as standard practice.

Here's what this means for you:

- We will continue to return and refund invalid applications within strict time limits.
- We've published new guidance on when amendments will be accepted (see attached) and how to submit them clearly.
- We will continue to avoid unnecessary pre-commencement conditions wherever possible.
- We will continue to use proportionate judgement and make decisions, rather than waiting for consultees outside the consultation period, where standing advice applies.

We know not everything is perfect yet – we're continuing to work on speeding up consultee responses and improving communication tools and templates.

Thank you again for your cooperation. The PDP was only one step in our wider service improvement programme, and your continued feedback is welcome as we make further progress.

Somerset Planning Service

Guidance on the submission of amended plans and additional information – October 2025

We accept that negotiations on proposals are an important part of the application process. However, amendments are not an alternative to well-thought-out, consulted, and properly prepared schemes in the first place. We continue to recommend that applicants use the pre-application service so that issues can be identified and addressed early on. This means that follow-on applications can be determined with the benefit of the pre-application advice if it has been followed and is within reasonable timeframes.

It is the responsibility of applicants and agents to ensure that the correct information is submitted with applications. Failure to do so will result in applications either being unvalidated or refused, due to missing information. The validation checklist is contained on our [web page](#). We will only accept any amendment to the red line site area after an application is validated, where the change relates to the location of the proposed access or involves the reduction in the site area to resolve ownership issues. Any other changes required to the red line will require the application to be withdrawn and resubmitted.

We only accept amendments or additional information after the initial submission and validation of a planning application and during its consideration in the following circumstances:

- If pre-application advice was not obtained or followed, it is unlikely that we will negotiate any changes and the application will be decided based on the information originally submitted
- If pre-application advice has been sought and the proposals do not follow the advice issued, the application will be decided based on the information originally submitted
- If pre-application advice has been sought and the advice has been followed, we will negotiate on minor amendments if required
- In the case of applications for matters reserved by condition we will only allow one attempt at amending the application before issuing our decision, all decisions on Discharge of Conditions will be made within a maximum of 12 weeks
- In the case of householder and non-major applications, case officers may seek one set of amendments to make a scheme acceptable and which would not result in the need for re-consultation and allow the application to be determined within the statutory time limits
- In the case of major applications, case officers will only seek amendments that do not fundamentally change the form of the proposals and if it is a minor matter in

response to consultation responses that can be dealt with within the statutory time limits, any amendments that would result in the need to display new notices will not normally be accepted

- In all cases, if there is an objection to the principle of development, the application will be determined on the information originally submitted
- If a retrospective application is refused, we will take formal action immediately after the decision is issued
